ACADEMIA

There are over 13,327 students in the fourteen public school districts participating in this plan. Oklahoma Baptist University and St. Gregory's University, as well as the Gordon Cooper Technology Center, are located in Shawnee. Only the public schools and Gordon Cooper Technology Center are participants in the Pottawatomie County Hazard Mitigation Plan.

In 2011, the Oklahoma Legislature adopted an A-F School Grading System to provide incentives to schools for challenging all students to reach high levels of college and career readiness. Pottawatomie schools attained an average level with only three rating F, six rating D, ten rating C, ten rating B and three high schools (Dale, Bethel and Macomb) rating A. Pottawatomie County schools have a higher percentage than the state of Oklahoma in students completing a high school degree and going on for undergraduate studies but below the state in college graduates.
